

Bachelor of Arts Roadmaps for New Freshmen

Placement tests: New freshmen music majors must pursue placement testing in applied lessons, and they may also seek advanced placement via testing in class piano as well as music theory and musicianship courses. These roadmaps assume students will start in 100- or freshmen-level applied lessons, not in preparatory-level (remedial) lessons.

Electives: A total of 12 electives must be in upper-division courses (300 level and above). Students should select electives in consultation with a music advisor and may, with the prior approval of that advisor, use courses from non-music disciplines to complete elective requirements. Students should also consider making the most of their electives by pursuing courses that complete a minor, whether the minor is in music or another field. Students who want to pursue a minor in music -- Music Technology, Commercial Music, or Jazz Studies -- or the Music Teacher Preparation Program will find below suggested adjustments and additions to the "generic" roadmap.
